

AM

StoreProtect Premium

Slim and discrete design

The StoreProtect series gives you a full range of top quality anti-shoplifting systems, working with the industry standard AM technology.

Top quality in both antenna-design and function, with the ability to access and control the system via the secure, online remote-service solution.

The StoreProtect-family comes in a full range of designs in various colors. All systems are engineered and produced in Sweden with high quality components.

Antenna Features

- Metal antenna frame
- Narrow base

Antenna Specifications

- Width..... 303 mm
- Height..... 1546 mm
- Thickness..... 50 mm
- Thickness at base..... 54 mm
- Weight..... 8 kg

Add-ons

- Active
- Colored sidepanels
- Passive
- Customized printed sheets
- Remote Service v4
- Protection buffers
- AD-Holder

Controller Box Specifications

- Powers up to 9 StoreProtect AM antennas
- Quick and easy mounting
- Approvals: CE, FCC, ETL, CB
- Power consumption 46W (9 antennas)

Transmitter

- Operating Frequency..... 58kHz
- Transmit Burst Duration..... 1ms
- Max. Transmit Current..... 15A peak
- Burst Repetition Rate
(Based on 50Hz net).....75Hz
(Based on 60Hz net).....90Hz

Receiver

- Center Frequency..... 58kHz
(software adjustable bandwidth in steps of 100Hz)
- Receiver Coil Resistance.....1,2Ω

Alarm

- Audio level (adjustable)..... 95dBA

Environmental

- Ambient Temperature..... 0°C to 50°C
(32°F to > 122°F)
- Relative Humidity..... 0 to 90%
Non-condensing
